TERMS AND CONDITIONS – *for your records*

Rebate Recipient Requirements

- Rebates are available only to applicants with valid account numbers from San Miguel Power Association.

Contractor Requirements

- Energy audits must be performed by a BPI or RESNET certified auditor.

Energy Audit Rebate Requirements

- A minimum of a walkthrough energy audit must be performed by a RESNET or BPI certified auditor.

Program Rules

- Rebates are available for audits performed between January 1 and December 31 of current year.
- Applications are limited to one rebate per product category per utility account per year.
- Applications must be received by December 31.
- Rebate checks will be issued in the name of the applicant and will be issued only to complete, qualifying applications.
- SMPA Rebates are calculated after all other available incentives (not including tax credits) have been deducted.
- Rebates are available first-come, first-served until funds are exhausted.
- SMPA is not responsible for lost, late, damaged, illegible, misdirected or postage-due applications.
- SMPA reserves the right to verify compliance with these terms, including but not limited to a physical site review.
- Qualifying applications must comply with all applicable federal, state, and local regulations, requirements, ordinances, codes and statutes.
- All terms, conditions and rules of the program are subject to change.
